NorthRock® Landscape Loc® Mulch & Rock Bond is a specially-formulated locking compound designed to stabilize mulch, rock, gravel, sand, and other ground cover.

Landscape Loc Mulch & Rock Bond prevents movement caused by rain, wind, wildlife, leaf blowers, mowers, pets, edgers, and other sources while allowing the substrate to drain and breathe. Landscape Loc Mulch & Rock Bond also protects, sustains, and enhances the natural look of your mulch. Lower your maintenance time and expenses. Excellent for areas around pools or ponds to prevent mulch from becoming pool or pond debris.

BEFORE

AFTER

DIRECTIONS FOR USE:

PREPARATION: Place new mulch or arrange existing mulch to desired location and thickness. Apply when temperatures are above 50°F and when no wind or rain is expected within 24 hours. (Bond time will be longer with colder temperatures and shorter with higher temperatures.)

APPLICATION:

- SHAKE WELL BEFORE EACH USE
- Hold sprayer 1-2 feet away from surface
- Spray light or heavy for desired bond
- Product goes on white and dries clear
- Allow 24-48 hours to dry completely
- Allow to dry before walking on area
- Apply a second coat when necessary
- Reapply annually for best results
- Best when used during the same growing season as purchased

CLEAN UP: Excess product can be cleaned with water before product has dried. Use soap and water to clean dried product.

COVERAGE: Approximately 250-750 sq. ft. per gallon (depending on thickness)

AVAILABLE SIZES:

- 1 Gallon Bottle (3.78 Liters)
- 5 Gallon Pail (18.9 Liters)

SHAKE WELL BEFORE USE!
