

CHERRY STONE® POULTRY GRIT

GREAT GRIT

Cherry Stone® Poultry Grit is a multipurpose, sharp, crushed rock sold as a poultry grit to aid in the digestion process for poultry. Made of 100% crushed quartzite, this grit is even harder and sharper than granite, which enables the gizzard to work faster and more efficiently. Cherry Stone is available in four grades to fit the needs of all size birds. Our environmentally-friendly grit will not dissolve or become mushy.

TYPE #1 — 1/16"

TYPE #2 — 3/16"

TYPE #3 — 5/16"

TYPE #4 — 3/8"

CHERRY STONE® POULTRY GRIT

HOW TO USE:

Grit for free-choice feeding should be available at all times in clean hoppers near each watering station. Birds will eat only what they need for proper grinding of their food.

	WEEK 1	WEEKS 2-3	WEEKS 3-8	WEEKS 7+
 Chickens	Sprinkle #1 on feed daily	#1 fed free-choice	#2 fed free-choice	#2 fed free-choice
 Turkeys	Sprinkle #1 on feed daily	#2 fed free-choice	#3 fed free-choice	#4 fed free-choice

Other Applications:

For all other uses, use as directed or as needed for functional or decorative purposes. See table below for recommended grit sizes for specific additional uses:

	#1	#2	#3	#4
Traction grit (pedestrian & vehicular)		•	•
