3. PRODUCT DESCRIPTION

Cherry Stone® Poultry Grit Pecking Block is a supplemental feed block that offers the benefits of feeding grit to all types of poultry with additional benefits that include reducing flock stress, boredom, unwanted, and aggressive behaviors in the flock. The Poultry Grit Pecking Block contains primarily #2 (3/16) poultry grit that is pressed into block that measures 9 x 9 x 6.5 in. and weighs 25 lb. Poultry grit offers all types of poultry, game birds, and pigeons the ability to properly digest their food. The Grit settles and stays in the gizzard to process their food due to the lack of teeth and the inability to grind up the food for proper digestion and nutrition. Cherry Stone poultry grit is 100% natural quartzite that is processed to the correct size for use as a critical component for the health and nutrition of the birds. There is no concern regarding the size of the grit. Birds will naturally avoid grit particles that are too large for their gizzard.

Features and Benefits

- Provides mental & physical stimulation for the entire flock
- Non-polluting & non-staining
- Environmentally safe
- Prevents feather pecking & aggression toward other birds
- Supports overall nutrition and flock health
- Won't dissolve when wet
- Keeps beaks trimmed and healthy
- Improves overall health, egg production, and flock harmony

When/Where to Use

- Interior/exterior locations
- Place the block away from primary food source
- Place block in the barn, coop, run, or pasture
- Offer the block to the flock free-choice, with no restriction

4. TECHNICAL DATA

Available Sizes

- 25 lb. block (BOM# 116542)
- Measuring 9" x 9" x 6.5"

5. INSTALLATION

Application: Chickens

- Offer free-choice to the flock at 4 weeks and older
- Birds will naturally crave/consume as needed for digestion

Application: Turkeys

- Offer free-choice to the flock at 4 weeks and older
- Birds will naturally crave/consume as needed for digestion

Notes:

- The Grit block for free-choice feeding should be available at all times. Place on the ground away from food source.
- Birds will eat only what they need for proper digestion of their feed and will naturally avoid grit that is too large.

WARNING

DUE TO THE WEIGHT OF THE BLOCK, AVOID DROPPING TO THE GROUND UNCONTROLLED TO PREVENT INJURY TO HANDS, FEET, AND BACK AS WELL AS THE FLOCK THAT MAY BE NEAR BY. PLACE BLOCK IN THE DESIRED LOCATION UNDER CONTROL IN A SAFE MANNER. CONTAINS NO HARMFUL INGREDIENTS HOWEVER, AVOID CONTACT WITH EYES AND SKIN. IF CONTACT WITH EYES OCCURS, FLOOD EYES FOR 5 MINUTES WITH WATER AND SEE A PHYSICIAN IMMEDIATELY. DO NOT RUB EYES. WASH HANDS THOROUGHLY AFTER HANDLING OR BEFORE EATING WITH WARM, SOAPY WATER. DO NOT TAKE INTERNALLY. KEEP OUT OF REACH OF CHILDREN.
